NOV 11 1898

TABLE OF CONTENTS.

Revision of North American Species of Fissidens
Charles R. Barnes. 1, 25
Columbia College Herbaria . . . *N. L. Britton.* 9
Notes on Umbelliferæ of the eastern United States (plates I—V, IX, XV, XVII) *John M. Coulter* and *J. N. Rose.* 12, 60, 73, 102, 134, 157, 261, 291
Flora near Santa Barbara, Cal. . *Mrs. R. F. Bingham.* 33
Strasburger's Laboratory . . *Douglas H. Campbell.* 35
Chippeway plant names . . . *L. H. Bailey, Jr.* 37
Delphinium, an attempt to distinguish the North American species . . . . . *Asa Gray.* 49
On the causes of the variations in the contents of sucrose in Sorghum saccharatum . . *Harvey W. Wiley.* 54
A botanical tramp through North Carolina
Gerald McCarthy. 76
Autumnal changes in maple leaves (illust.)
W. K. Martin and *S. B. Thomas.* 78
Our "tripetalous" species of Iris . . *Sereno Watson.* 99
Fertilization of Epipactis latifolia . . *A. D. Webster.* 104
Occurrence and function of certain nitrogenous bodies in plants . . . . . *W. E. Stone.* 123
Undescribed plants from Guatemala. I. *John Donnell Smith.* 131
A simple and inexpensive self-registering auxanometer (plate VII) . . . . . *Hermon C. Bumpus.* 149
A registering auxanometer (plate VIII) *Charles R. Barnes.* 150
Spirogyra under shock (illust.) . . *Stanley Coulter.* 153
Vegetable parasites and evolution . *W. G. Farlow.* 173
The identity of Podosphæra minor Howe and Microsphæra fulvofulcra Cooke (plate XI) . . *Martha Merry.* 189
Æcidium on Juniperus Virginiana . *W. G. Farlow.* 205
Insect relations of certain Asclepiads (plate XII)
Charles Robertson. 207, 244

The curl of peach leaves; a study of the abnormal structure induced by Exoascus deformans (plate XIII) *Etta L. Knowles.* 216

An excursion to the Platte . . *Harvey Thomson.* 219

Development of the Umbellifer fruit (plate XIV) *John M. Coulter* and *J. N. Rose.* 237

Plant odors . . . . . *Arthur J. Stace.* 265

Three nuclei in pollen-grains (plate XVI) *Byron D. Halsted.* 285

Fertilization of Calopogon parviflorus *Charles Robertson.* 288

BRIEFER ARTICLES—

Death of Dr. Wigand . . . . . *Emily L. Gregory.* 16
The genus Iris . . . . . *Asa Gray.* 16
On the petiolar glands in some Onagraceæ . . *Thomas Meehan.* 17
The square bamboo 18
New form of Baptisia calycosa . . . . . *W. M. Canby.* 39
Fixing and staining nuclei . . . . . *D. H. Campbell.* 40
A useful artificial light . . . . . *D. H. Campbell.* 40
Influence of heredity on vigor . . . . . *Emmett S. Goff.* 41
Petroleum spirit as a plant preservative . . *Lillie J. Martin.* 42
Carex notes . . . . . *E. C. Howe.* 63
Ash in basket work (ill.) . . . . . *Charles E. Fairman.* 64
Astringent qualities of Heuchera and Mitella . *F. W. Anderson.* 65
Celery leaf blight . . . . . *B. T. Galloway.* 66
An American Papaver . . . . . *Mrs. R. F. Bingham* 67
Vermicularia phlogina, n. sp. . . . . *Charles E. Fairman.* 67
A plant heliostat . . . . . *B. D. Halsted.* 82
Leaf prints . . . . . *Horace M. Engle.* 83
A method of staining Peziza specimens . . *C. E. Fairman.* 85
A visit to Washington . . . . . *J. C. Arthur.* 85
Zannichellia palustris . . . . . *Stanley Coulter.* 109
Nymphæa lutea in Texas . . . . . *E. H. Hitching.* 109
Key to forest trees . . . . . *W. J. Beal.* 110
Scoliopus Hallii . . . . . *Thomas Howell.* 111
Solidago bicolor and var. concolor . . . . *F. H. Knowlton.* 111
How humble-bees extract nectar from Mertensia Virginica *J. Schneck.* 111
"Crazy" pollen of the bell-wort (plate VI) . . *B. D. Halsted.* 139
Fasciation in Sophora secundiflora (plate X) . . *George Vasey.* 160
Thalictrum purpurascens, var. ceriferum, in N. Carolina *E. R. Memminger.* 161
Dry weather foliage of the compass plant . . *B. D. Halsted.* 161
Course of study in fungi . . . . . *Volney M. Spalding.* 162
Zannichellia palustris . . . . . *F. W. Anderson.* 192
Coloring nuclei of living cells . . . . . *D. H. Campbell.* 192
The absorption of aniline colors by living cells . *D. H. Campbell.* 193
H. W. Ravenel . . . . . *W. G. Farlow.* 194
Botanical papers before the A. A. A. S 222
Proterogyny in Datura meteloides . . . . *J. Schneck.* 223
Entertainment of the botanists in New York 224
Dispersion of seeds in Euphorbia marginata . . *J. Schneck.* 225
The A. A. A. S. Botanical Club at New York 226
Indicative Eriogonums . . . . . *F. W. Anderson.* 250
Some western plants . . . . . *John M. Coulter.* 252

A study of Silphium perfoliatum and Dipsacus laciniatus in regard to insects . . . . . *W. J. Beal* and *C. E. St. John.* 268
Bud on a pear stem (ill.) . . . . . *L. H. Bailey, Jr.* 270
Cultivation of Saccharomycetes . . . . . *W. E. Stone.* 270
The preparation of Agarics for the herbarium . *James E. Humphrey.* 271
Plan for a botanical laboratory (ill.) . . . *Lillie J. Martin.* 273
Proliferous fungi (ill.) . . . . . *F. L. Harvey.* 274
Solanum triflorum . . . . . *F. W. Anderson.* 296
Coptis, section Chrysocoptis . . . . . *Asa Gray.* 296
Dredge for Chara (ill.) . . . . . *T. F. Allen.* 297

EDITORIAL— . 18, 43, 68, 87, 112, 140, 163, 197, 252, 275

The GAZETTE for 1887.—Report of Commissioner Colman.—"Scientific news."—The Hatch bill.—American botany.—Methods of teaching botany.—The American professor of botany.—Meeting of the A. A. A. S. in New York.—Citation of authorities for species.—Botanical text-books.—Work for American botanists.—Meeting of the Botanical Club of the A. A. A. S. at New York.—Government aid in botanical exploration.—Republication of material.—The need of botanical gardens.—Poisonous plants.

OPEN LETTERS—

19, 68, 88, 113, 142, 165, 198, 229, 253, 276, 297

Mr. C. G. Pringle . . *W. J. Beal*
Herbarium case . . *F. L. Harvey*
Dr. Edward Palmer . *George Vasey*
Anatomical botany *D. H. Campbell*
Ouvirandra fenestralis *Dr. S. Schönland*
Rendering herbarium specimens pliable . . . . . *F. T. Aschman*
German and American botanists *W. E. Stone*
The Honzo Dsufu . . *K. Meiyabe*
Humble-bees and petunias *Gilbert Van Ingen*
Raising diatoms . *Samuel Lockwood*
Antidote for Cicuta poisoning *J. E. Whiteside*
Autumnal blooming of Oxalis *Harvey Thomson*
Solidago erecta . *F. H. Knowlton*
An aid in description *A. A. Crozier*
Exploration of San Domingo *Dr. Ign. Urban*
A new lichen . . *H. A. Green*
Humble-bees and Rhododendron nudiflorum . . *E. R. Memminger*
Autumnal blooming of Oxalis *Henry Eggert*
Letter to Bot. Club of A. A. A. S. *Elizabeth G. Britton*
Australian alpine plants *Aug. F. Foerste*
White and yellow poplars *H. A. Evans*
Oxalis . . . *Wm. Trelease*
A walnut sport . . *A. A. Crozier*
Preventing fertilization *A. A. Crozier*
Marsilia: a query . *D. H. Campbell*
Relation of moisture to plant diseases *A. B. Seymour*
Bees mutilating flowers *G. Van Ingen*
Vitality of seeds . *F. L. Harvey*
The old and new botany *Emily L. Gregory*
Organized botanical work *E. S. Bastin*
Crackling sound of Utricularia *D. S. Kellicott*
Bees mutilating flowers . *E. S. Miller*
Vitality of seeds . . *D. A. Owen*
Dispersion of seeds in Euphorbia *Thomas Meehan*
Systematic botany—a correction *E. L. Gregory*

CURRENT LITERATURE—

20, 89, 115, 143, 168, 229, 255, 277, 298

[For titles, see index under authors' names.]

NOTES AND NEWS—

22, 44, 70, 94, 118, 144, 170, 198, 234, 257, 282, 305
